

# APO-11P-120

## Automatic Pyramid Teabag Machine with output 120 pcs/min

12 load cell-weighing system

### MACHINE'S DESTINATION

Automatic packing machine type APO-11P is destined for packing various kind of fruit and black teas, spices and other powdery products, into pyramid sachets.

### TECHNICAL DATA

Electrical supply	3x400V/230V 50Hz
pneumatics	6 bar
Installed power	3,5 kVA
Compressed air consumption	ok. 20 m <sup>3</sup> /h
Overall dimensions of APO-11P	1250mm x 1900mm x 2800mm
Weight	1100 kg

# APO-11P-120

## Packing material

Pyramide	- Nylon, PLA, other ultrasonic sealed
Bag's dimensions	- 55; 60; 70mm
Bag's weight	- 1.2 do 2g
Width of packing material	- 130; 140; 160
max. diameter of material reel	- 350mm
reel core diameter	- 76mm±1mm
number of reel installed on machine	1 reel

## Material for tag

width 20mm, length 20mm  
or width 25mm, length 25mm

## String:

Polypropylene or PLA  
length - 170mm

## Product for packing:

- fruit teas blend by low stickness, herbs, black teas, spices.
- size of fraction - up to 8mm
- humidity - up to 10%

## output

- 120 cykles/ minute

# APO-11P-120
